- Liberty in round pen and larger areas
- Freestyle- Riding with two sticks and developing skills for bridle less riding. Find the finesse ingredients developed through freestyle riding

Camp Highlights:

The camps are a four day intensive limited to 6 people, allowing for an optimal learning experience. Focus will be on the new levels program- in all four savvies. You will have a 4 hour group lesson every day and a 45 minute private lesson. Each group lesson will focus on one of the savvies per day. Private lesson content will be driven by the needs of the student. Outside of scheduled class time, you will be able to play/ride on the playground and round pens as well

as video your auditions. We can assist in videoing and preparing the audition to send to Parelli. Every evening after dinner, we will meet to watch videos and video footage from the day - a great way to accelerate learning!

You will also go on a field trip during the week, either to Hitchcock Woods (one of the premier recreational riding destinations in the south) or a cross country course. Both locations are a great place to play online and even do some videoing! There will be water elements, ditches, and all kinds of fun obstacles. We have just purchased the land next door so that we can include a precision pen, larger playground and jump field!
