A Four Day Journey of Growth and Learning for you and your horse
September 29 - October 2, 2010
Looking Glass Farm - Wagener, SC

Kelly Sigler's 4 Day level 2/3 Learning Journey

Learning Journey Highlights:

The journeys are a four day intensive limited to 6 people, allowing for an optimal learning experience. Focus will be on the new levels program- in all four savvies.

You will have a 4 hour group lesson every day and a 1 hour private lesson. Each group lesson will focus on one of the savvies per day. Private lesson content will be driven by the needs of the student. Outside of scheduled class time, you will be able to play/ride on the playground and round pens as well as video your auditions. We can assist in videoing and preparing the audition to send to Parelli. Every evening after dinner, we will meet to watch video footage - a great way to accelerate learning!

You will also go on a field trip during the week, either to Hitchcock Woods (one of the premier recreational riding destinations in the south) or a cross country course. Both locations are a great place to play online and even do some videoing! There will be water elements, ditches, and all kinds of fun obstacles.
